### **Mental health promotion strategy of the month - *Just Notice***

Well-being is a strategic priority in the Simcoe County District School Board, and our mental health and well-being department provides monthly strategies to support student and family well-being.

This month's strategy is *Just Notice*. This strategy helps children and youth develop the skills to ground themselves. Grounding is a way to focus your attention to the sensations you are experiencing in this moment. It is good to practice at any time but especially helpful when emotions or thoughts are stressful.

To practice *Just Notice* at home, together with your child, model this grounding practice by verbally sharing the following:

- Notice five things you can see.
- Notice four things you can hear.
- Notice three things you can feel/touch.
- Notice two things you can smell.
- Notice one thing you can taste.

This exercise can be done inside or outside. Consider pairing *Just Notice* with this forest visualization video to help guide and ignite their five senses: [www.youtube.com/watch?v=s0PO2xo7I9g&t=9s](http://www.youtube.com/watch?v=s0PO2xo7I9g&t=9s).

Follow along the Mental Health and Well-being social media accounts (@SCDSB\_MHWP) to see how well-being is being supported in our schools.

### **Celebrating poetry**

April is poetry month, a chance for students to celebrate a love of language through an appreciation of poetry. Students of all ages enjoy the lyrical, rhythmic qualities of poetry making it a wonderful choice for at home reading. Poems provide an excellent opportunity for students to practice reading aloud, developing fluency and expression. For ideas and resources please visit the resources for families page on the SCDSB website:

[www.scdsb.on.ca/elementary/parent/resources\\_for\\_families](http://www.scdsb.on.ca/elementary/parent/resources_for_families).

### **April cyber awareness topic: Safe gaming and the metaverse**

In today's digital landscape, safe gaming practices and understanding the metaverse are crucial for families to navigate the digital world securely. Understanding safe gaming practices protects personal information, while metaverse awareness helps prevent identity risks. Parents/guardians play a vital role in guiding their children's online experiences.

Access the cyber awareness tip sheet for April to stay informed about this month's theme and explore additional resources: [https://ecno.org/wp-content/uploads/2023/09/ECNO-CAM-Calendar-23-Aug3023\\_SafeGamingMetaverse.pdf](https://ecno.org/wp-content/uploads/2023/09/ECNO-CAM-Calendar-23-Aug3023_SafeGamingMetaverse.pdf).

Stay informed to help provide a safer online gaming environment for your children!
